Files	The RFP files are not reissued. Please continue to use the RFP files distributed after signing of the NDA from September 28, and Change Notices No. 1 and No. 2.

2. Reason for the change

Change Notice No. 2 permitted consortium proposals and made the lead member NHSV's single point of contact. So that responsibility for the whole project and performance of its core work rest with the lead member where a consortium delivers the project, the changes below set out the lead member's responsibilities and role and the basis for approving a consortium. They apply to every bidder on the same terms.

3. Changes

Change 1. Responsibilities and role of the lead member

Insert the following as items f) to h) after item e) of [RFP] Chapter 2 Section C.4), as added by Change Notice No. 2.

Text to be added
f) Lead member's responsibility: the lead member is responsible to NHSV for performance of the whole project, including the other members' portions, and may not rely on the division of work among the members or on the consortium agreement to avoid or share its responsibility to NHSV.
g) Work performed by the lead member: project management (PM), overall design and integration, overall direction of the build and migration, and handling of acceptance are carried out by the lead member with its own staff and may not be assigned to another member or to a subcontractor.
h) Instructions, reporting and invoicing: all instructions, consultation, reporting, acceptance and invoicing between NHSV and the consortium go through the lead member. Where the law requires a member to issue its own VAT invoice, the lead member collects those invoices and submits them together.

Change 2. Basis for approving a consortium

In item b) of [RFP] Chapter 2 Section C.4), as added by Change Notice No. 2, insert the following sentence after "NHSV notifies its decision in writing at the preferred-bidder negotiation stage."

Text to be added
NHSV may withhold approval of the consortium if it considers that the lead member does not substantially perform the main parts of the project.

Change 3. Eligibility of the lead member

Add the following sentence at the end of item d) of [RFP] Chapter 2 Section C.4), as added by Change Notice No. 2.

Text to be added
However, the lead member must meet conditions 3) and 5) in its own name for the areas it performs itself.

4. Other matters

- Everything in the RFP, Annexes and Forms that this notice and Change Notices No. 1 and No. 2 do not change remains as it is.
- The deadline for questions closed on Wednesday, October 7.
